

What is a Wiki?

A wiki is a website that allows multiple users to create, modify and organise content in a collaborative manner.

What are we using a Wiki for?

- To store, organise, share and collaborate on our internal documentation (intranet)
- To link to dynamic documents (rather than static PDF) from [Moodle](#) and the [Website](#)
- Newsletters ([PTIS Post](#), [Making a Racket](#), [Golf](#))

What is our Wiki policy?

- Every user is responsible for their actions (your name is logged with every action you take)
- **You are responsible for your password. Keep it secure and secret ([change your password](#))**
- You must report irresponsible Wiki behaviour to support@threegeneration.org
- Don't forget to tag pages so its easy to find for yourself and others
